## MAKE-UP:

- Stage lighting can really flatten your features and take away all the dimensions that help the audience see your facial expression clearly. For this reason, it is important for all dancer's, even our youngest dancer's, to wear stage makeup when performing in the June recital at the CCAE. Please see the suggested makeup guidelines below:
  - o Foundation: to match skin
  - o Blush
  - o Black Mascara
  - o Eye Shadow (Ivory/Cream, Light Brown/Gold and Dark Brown eye shadow to create a brown smoky eye)
  - o Red Lipstick (recommend Maybelline Stay Matte Ink, Shade: Pioneer)

## HAIR:

- Pull half of dancer's hair up and away from face and into a ponytail on center, top of head
- Use simple black ponytail holder
- Long bangs need to be secured away from face & short bangs need to be styled.
- All hair should be curled. LOTS of curls please!

Recommended method for curling: Roll pink sponge curlers into CLEAN, DRY hair. Fix hair according to the half up style FIRST then put curlers in hair. We recommend sleeping overnight in curlers for best results. When curlers are removed, carefully fix ponytail so hair is neatly secured off face. Do not brush the curls. Use of hairspray is recommended!
